STATINTL

Dear Gene:

STATINTL

I am going off on training duty for two weeks starting Sunday, but there are a few items I would like to call to your attention before I leave. You will be interested to know that [REDACTED] with whom you had some correspondence over there before Christmas is now working for Chuck B. The latter asked that we tell you this and express appreciation for your efforts in this matter.

I may have to send you a cable which is going to have a long needle on it regarding two queries from Bob C. 's group. You recall one goes back to August, and the other was about some suit manufacturer using a process which was described in a newspaper clipping and which we relayed to you. Unfortunately, both queries come from the same small group of people, and they are most unhappy at the lack of support. Please cable back in the next couple of days an indication of what action is being taken on these matters; and if there is any difficulty, please indicate that too.

STATINTL

We entertained [REDACTED] over here, and I believe everything was satisfactory. I will send you a note on this through separate channels so you can be aware of what was discussed. At least you can tell him when he returns that we were very pleased to see him and found the discussion worth while.

Best regards to Helen and the others at work, and, of course, Ann at home.

STATINTL

P. S. Incidentally, I gave that package to Archie, and he appreciated it very much. He told me he would write to you personally.
